CONDUCTOR STOPS

HAGERSTOWN, Md., Feb. 24.-Prohibition officers were prevented from searching the baggage of passengers on a Norfolk and Western railroad train for alcoholic beverages by the conductor, Byron B. Bender, of this city, who refused to recognize the John Doe warrants the officers presented when they boarded the train at Berryville.

Bender claimed that the officers could not search the pasengers on the warrants they had, and he took his train on to Roanoke and submitted the matter to a legal test. The investigation was referred back to Berryville, and the outcome is awaited with considerable interest, as officers have searched several trains in Virginia recently and confiscated a quantity of liquor found in the baggage of passengers.

Bender claimed that the officers must be armed with warrants for violators of the liquor law, and that John Doe warrants are not legal.

A record decrease in the number of traffic accidents is noted today in reports made to the police. During the past twenty-four hours only one accident occurred, and no injuries through traffic accidents were

reported. A motorcycle ridden by Policeman E. P. Alexander, of the Seventh precinct, on LeRoy place near Connecticut agenue northwest, today collided with an automobile owned by the Federal Taxicab Company. Both vehicles were damaged.
